SSD/HDD DOCK

The SSD-/HDD-Dock can be easily integrated in the 5.25 bay of a PC and offers space for two 2.5 SSDs that will be connected via Hot Swap – when the system is running. The SSD-/HDD-Dock offers two additional USB 3.0 ports that can be used via the control panel if the 19 pin USB 3.0 plug is connected to the motherboard.

Features:

- Hot-Swapping for easiest HDD/SSD switching
- Suited for two 6,35cm (2,5") HDD or SSD
- Extends the case by two USB 3.0 ports
- Easy installation in a 13,34cm (5,25") drive bay
- Dimension: 120 x 120 x 30 mm
